

SMILE WITH
ECOMILES
RENEWED TYRES

We are purchasing Ecomiles renewed tyres from Tyresoles for the past 4 years. We are extremely satisfied with their quality and service. We acknowledge their value proposition through tyre exchange and ecomiles.

-Mr. B. Nagaraja Shetty
Managing Partner
Sri Ganesh Shipping Agency
Mangalore, Karnataka
Owns fleet of containers & trailers

Ecomiles renewed tyres is great value for money. In the last 3 years due to Tyre Exchange and Ecomiles we have reduced our tyre cost considerably. Tyresoles technical training to our maintenance staff is also helping us to manage our tyre cost better.

- Mr. G. R. Raghu
Managing Partner
Balaji Transports
Tumkur, Karnataka
Owns fleet of trucks & trailers

Awesome service good quality, cost saving, Gives me good mileage of 35,000 km. We have been using Ecomiles for the past 10 months. We have fitted 30 Ecomiles so far.

-Mr. Mukesh Jain
Owner of
M/s Shree Transport & Logistics
Pune, Maharashtra
Owns 25 trucks

Getting good mileage and buying Ecomiles is helpful for our company economy growth and they provide good and quick service, supervision and help us in maintenance of tyres. We have been using TYRESOLES ECOMILES for the 2 years. We have fitted 30 Ecomiles so far.

-Mr. Suhas B C
Partner of S R Express and Services
Chitradurga, Karnataka
Owns 23 vehicles/buses

We are happy with mileage and performance of Ecomiles tyres. We found it is cost effective. Available at half the price of a new tyre. We have been using Ecomiles for the past 2.5 years. We have fitted 150 Ecomiles so far.

-Mr. Sudarshan K S
Owner of S S Enterprises
Bengaluru, Karnataka
Owns 22 Transit mixers

We have found the tyres cost effective, best performance and quality thus resulting in better performances in vehicle movement. We have been using 20 Ecomiles for past 6 months.

1

WHAT ARE WE CERTIFYING?

- First lifecycle casings only
- Popular branded standard profile casings
- Casings with shore A hardness of 65+-2
- Casings with zero bead damages
- Intact inner liners
- Casings with zero sidewall damages
- Casings with zero shoulder damages
- Maximum 3 reinforcements up to Bp5
- Casings without air separations
- Retreads with tear strength of > 6 Kg/mm

2

WHAT DOES IT MEAN TO YOU?

- Not retreaded casings
- Not cheap tyres with low profile
- Not old, hard & brittle casings
- No bead pinching or chipping
- Not run flat casings
- No radial cracks
- No major lug chippings/strain marks
- No major ply damages or cuts
- No bulge or air trap within casings
- Strong tread bonding

3

HOW WILL YOU BENEFIT?

- Can be retreaded again
- Stronger casings with greater traction
- Less failures & more retreadability
- Minimum chances of bead failures
- No damages to tubes & flaps
- Minimum chances of sidewall bursts
- Minimum chances of shoulder bursts
- Minimum chances of patch bursts
- No bursts due to separations
- Minimum chances of tread separation

WARRANTY INCLUDES

- Tread separation
- Patch separation
- Channel crack
- Tread joint failures
- Early wear under normal operating conditions

WARRANTY DOES NOT INCLUDE

- Uneven wear due to mechanical defects
- Early wear due to improper dualling
- Centre wear/shoulder wear due to improper air pressure
- Casing burst due to impact of foreign objects, etc.
- Channel cracks due to under inflation & or overload
- Early wear, tread chipping due to extreme surface & operating conditions
- Any such failures arising out of operational hazards & vehicle defects

CONSEQUENTIAL DAMAGES

TYRESOLES will not be responsible for any consequential damages arising as a result of claim tyre. The maximum compensation will be limited to the invoice value of the tyre.

PRORATA BASIS

Tyres under claim will be settled on prorata basis only i.e. % of unused tread depth. Eg: if a tyre comes under claim after 30% of tread wearing, then either a credit note will be raised for 70% of retreading amount or a tyre will be reprocessed with 70% of retreading amount.

APPLICATION SPECIFIC TREAD PATTERNS

TZL

Suitable for trucks, tankers & trailers. For bias ply tyres rear application.

TVM

Suitable for trucks, tankers & trailers. For bias ply tyres rear application.

TRBR

Suitable for buses. For radial & bias ply tyres all position application.

TSLR

Suitable for multi axil trailers & trucks. For bias ply tyres rear application.

JT

Suitable for trucks, tankers & trailers. For bias ply tyres rear application.

XB

Suitable for trucks, tankers & dumpers. For bias ply tyres rear application.

CH

Suitable for bus, trucks, & trailers. For bias ply tyres all position application.

CHR

Suitable for buses & trucks. For radial & bias ply tyres all position application.

UMR

Suitable for trucks, tankers & trailers. For radial tyres rear application.

MTRL

Suitable for trucks, tankers & trailers. For radial tyres rear application.

SPECTRA

Suitable for buses & trucks. For radial tyres all position application.

TMS

Suitable for short haul dump trucks. Best suited for mining operations & stone crusher sites. For Bias ply tyres rear application.

TSR

Suitable for buses & trucks. For bias ply tyres all position application.

TSL

Suitable for trucks, tankers & dumpers. For bias ply tyres rear application.

MNS

Suitable for wheel loader, JCB 14.00 x 25 size.

RTM

Suitable for wheel loader Front Fitment 9.00 x 16 size.
